PLANT AND NURSERY MATERIAL

FOR SALE AT

THE CANAL ZONE EXPERIMENT GARDENS, SUMMIT, CANAL ZONE

The Canal Zone Experiment Gardens maintain a Nursery as a means of disseminating economic and ornamental plants. This department can supply nursery propagating materials such as budwood, cions, budding tape, and soil for the potting of plants, and sowing of seeds. Herewith is a list of these plants and materials with prices. The prices quoted are for plants to be called for at the Gardens, or to be shipped, at the buyers expense and risk. All prices are subject to change, without notice. It will be observed that the quotations in many cases are for plants in tin cans. Any such plants can be supplied in regular clay pots at a corresponding additional charge. Young seedling plants can be obtained in quantities in flats, at lower rates per hundred, or per thousand. Arrangements for such delivery should be made several months in advance.

The Gardens can arrange for the forwarding of plants to buyers in any regular port of call in Central America, South America, Mexico, or the West Indies. Deliveries can be made at the usual transportation charges to any representative of the buyer in Colon, or Panama City. Any other than Panama or Canal Zone purchasers are strongly urged to consult with the Department of Agriculture of their respective countries for information regarding the importation of plants. NECESSARY PERMITS MUST ACCOMPANY ORDERS. Further charges may be necessary in the case of large shipments of plants that require special packing for export shipment. This charge usually approximates 15% of the catalogue value of the shipment. No guarantee can be given as to the number of plants available, nor as to the identity of varieties, but every effort is made to fill orders completely and accurately. Substitutions will be made only when the buyer so requests.

Full payment must be received with orders. Payment may be made in cash, or by postal money order, draft, or check. All payments must be made payable to the Collector, The Panama Canal, Balboa Heights, C. Z. All remittances, and all correspondence, should be sent to the Director, Canal Zone Experiment Gardens, Summit, Canal Zone, except that buyers who maintain deposits with the Collector, may direct that charges be made against such deposits. For foreign shipments, where the exact amount of all charges cannot be known in advance, it is important to forward an amount ample to cover all expenses, and thus avoid delays in shipment. Charges for plants, freight, forwarding , etc., will be made against such deposits, and any balance due the buyer at the close of the transaction, will be returned by the Collector.

Local deliveries, for the accommodation of buyers on the Pacific side of the Isthmus, who do not find it convenient to call the Gardens, are made each Friday.

Delivery Charges:

Plants in cans or pots	\$ .05 Each
Plants in bundles or sacks	.10 Each Bundle or Sack
Plants balled	.05 Each

Minimum Charges:	In Canal Zone	\$ .25
	In Panama City	.50

## T R E E S

The following is a list of the timber, shade, and ornamental flowering trees grown in quantity, for sale in the Canal Zone Experiment Gardens. Those species marked with an asterisk, bear edible fruits.

<u>SCIENTIFIC NAME</u>	<u>COMMON NAME</u>
*Aberia gardneri	Ceylon Gooseberry
Acacia auriculaeformis	Lanceleaf Acacia
*Achras sapota	Nispero, or Naseberry
Adenanthera pavonina	Red Sandlewood, or Circassian Beans
Albizzia lebbeck	Woman's Tongue, or Mata Ratón
Anacardium excelsum	Wild Cashew, or Espavé
*Anacardium occidentale	Cashew Nut, or Marañon
*Annona muricata	Soursop, or Guanabana
*Antidesma bunius	Bignay
*Artocarpus integrifolia	Jackfruit
*Artocarpus communis	Breadfruit, or Fruta de Pan
*Artocarpus communis	Bread Nut, or Fruta de Pan
*Averrhoa carambola	Carambola, or Bilimbi
Bauhinia monandra	Butterfly Flower
Bauhinia variegata	Napoleon's Hat
*Bixa orellana	Annato, or Achote
*Blighia sapida	Akee, or Huevo Vegetal
Brownea macrophylla	Rouge Puff
*Calocarpum mammosum	Sapote, or Mamey, or Mamey Tierra

TREES (Continued)

<u>SCIENTIFIC NAME</u>	<u>COMMON NAME</u>
<i>Calophyllum calaba</i>	Palo Maria
* <i>Canarium commune</i>	Java Almond, or Pili Nut
<i>Canangium odoratum</i>	Ilang-ilang
<i>Casuarina equisetifolia</i>	Australian Pine
<i>Cassia grandis</i>	Pink Shower, or Cañafistula
<i>Cassia fistula</i>	Golden Shower, or Cañafistula
<i>Cassia moschata</i>	Bronze Shower, or Cañafistula
<i>Cassia multijuga</i>	Sunburst Cassia
<i>Cassia nodosa</i>	Pink and White Shower
<i>Cassia siamea</i>	Yellow Cassia
<i>Cassia spectabilis</i>	Showy Cassia
<i>Cavanillesia platanifolia</i>	Cuipo
<i>Cedrela mexicana</i>	Cigar Box Cedar, or Spanish Cedar
<i>Ceiba pentandra</i>	Kapok
* <i>Chrysophyllum cainito</i>	Star-Apple, or Caimito
<i>Cinnamomum zeylanicum</i>	Cinnamon
<i>Coccoloba uvifera</i>	Sea Grape, or Uva de la Playa
<i>Couroupita guianensis</i>	Cannon Ball Tree
<i>Crescentia cujete</i>	Calabash, or Calabaso, or Totumo
<i>Delonix regia</i>	Royal Poinciana, or Arbol de Fuego
<i>Dillenia indica</i>	Indian Dillenia
<i>Dracaena concinna</i>	

TREES (Continued)

<u>SCIENTIFIC NAME</u>	<u>COMMON NAME</u>
* <i>Eleocarpus serratus</i>	Ceylon Olive
<i>Enterolobium cyclocarpum</i>	Devil's Ear, or Corotú
<i>Erythrina</i> sp.	Gallito
* <i>Eugenia dombeyi</i>	Dombey Plum, or Brazilian Cherry
<i>Eugenia grandis</i>	
* <i>Eugenia jambos</i>	Rose-Apple, or Pomarosa
* <i>Eugenia malaccensis</i>	Malay Apple, or Marañon de Curacao
* <i>Eugenia uniflora</i>	Surinam Cherry, or Pitanga
<i>Ficus retusa</i>	Chinese Banyan, or Laurel de la India
<i>Ficus waringiana</i>	Waringian Fig (50¢ each)
* <i>Flacourtie inermis</i>	Lovi-Lovi
* <i>Flacourtie ramontchi</i>	Governor's Plum
* <i>Garcinia tinctoria</i>	Mock Mangosteen
<i>Harpulia cupanoides</i>	
<i>Hevea brasiliensis</i>	Para Rubber
<i>Hibiscus tiliaceus</i>	Hau, or Majagua, or Mahoe
<i>Jacaranda copaia</i>	Abey
<i>Jacaranda filicifolia</i>	Abey
<i>Kigelia pinnata</i>	Sausage Tree
<i>Lagerstroemia flos-reginae</i>	Queen of Flowers, or Pride of India
<i>Melaleuca leucadendron</i>	Punk Tree
* <i>Melicocca bijuga</i>	Genip, or Mamon

TREES (Continued)

<u>SCIENTIFIC NAME</u>	<u>COMMON NAME</u>
<i>Michelia champaca</i>	
<i>Mimusops elengi</i>	Ghee Tree
* <i>Myrciaria cauliflora</i>	Jaboticaba
<i>Noronhia emarginata</i>	
<i>Ormosia coccinea</i>	
* <i>Pachira aquatica</i>	Water Chestnut
<i>Pandanus dubius</i>	Screwpine
<i>Pandanus tectorius</i>	Screwpine
<i>Parmentiera cerifera</i>	Candle Tree, or Palo de Velas
<i>Peltophorum ferrugineum</i>	Yellow Poinciana
<i>Phyllanthus acidus</i>	Otaheite Gooseberry
<i>Plumeria rubra</i>	Frangipani
<i>Plumeria sp.</i>	Frangipani
<i>Posoqueria latifolia</i>	Wild Coffee, or Boca Vieja
* <i>Psidium guajava</i>	Guava, or Guayaba
<i>Samanea saman</i>	Rain Tree
<i>Spathodea campanulata</i>	African Fountain Tree, or Tulip Tree
<i>Spathodea nilotica</i>	African Fountain Tree, or Tulip Tree
<i>Sterculia apetala</i>	Panama Tree
<i>Swietenia macrophylla</i>	Central American Mahogany, or Caoba
<i>Swietenia mahogani</i>	West Indian Mahogany Tree
<i>Syzygium syziooides</i>	

TREES (Continued)

<u>SCIENTIFIC NAME</u>	<u>COMMON NAME</u>
<i>Tabebuia guayacan</i>	Guayacan
<i>Tabebuia pentaphylla</i>	Roble de Sabana
* <i>Tamarindus indicus</i>	Tamarind
<i>Tectona grandis</i>	Teak
* <i>Terminalia catappa</i>	Tropical Almond, or Almendro
* <i>Terminalia edulis</i>	
<i>Terminalia myriocarpa</i>	
<i>Thevetia neriifolia</i>	Lucky Nut, or Campanilla
<i>Thuja</i> sp.	Arborvitae (\$.50 and up)
<i>Triplaris americana</i>	Palo Santo, or Hormiguero
* <i>Vangueria edulis</i>	
<i>Vitex gigantea</i>	
<i>Warscewiczia coccinea</i>	Panama Poinsettia
<i>Wormia burbridgei</i>	
<i>Yucca elephantipes</i>	Spanish Bayonet

## COMMERCIAL FRUIT TREES

Those varieties marked with an asterisk have been found to give best results under average local conditions.

### Citrus - Pomelo, or Grapefruit:

Connors  
\*Duncan  
Foster  
Juan Mina  
McCarthy  
\*Marsh  
\*Thompson

### Lemons:

Bananito  
Palacio  
Ponderosa  
Villa Franca  
\*Meyer

### Limes:

\*Rangpur  
\*Tahiti  
\*Kusaie  
\*West Indian (Grown from seed - 30¢ Each)  
Spineless

### Sweet Oranges:

\*Bahia (Washington Navel)  
\*Bahia (Special Selection)  
Costa Rica  
Hamlin  
Lue Gim Gong  
Pineapple  
\*Ruby Blood  
\*Valencia

COMMERCIAL FRUIT TREES (Continued)

Citrus (Cont'd.) - Mandarin Oranges:

\*King  
China (China Mandarin)  
Satsuma  
Dancy (Dancy Tangerine)  
\*Temple  
\*Gamboa

Pummelos:

Kao-Panne  
Siamese

PRICE : (Unless otherwise indicated)

\$.70 Each  
\$.65 Each, in lots of 10 or more  
\$.60 Each, in lots of 100 or more

Mangifera indica - Mango:

Those varieties marked with an asterisk are especially recommended.

Amini  
\*Bombay Yellow  
\*Cambodiana  
Corozal  
\*Fairchild  
\*Hayden  
\*Julie  
Graham  
Kavas ji Patel  
\*Pairi (Paheri, Pirie)  
Rosa  
Sandersha

PRICE : \$.70 Each

\$.65 Each, in lots of 10 or more  
\$.60 Each, in lots of 100 or more

## COMMERCIAL FRUIT TREES (Continued)

### *Persea americana - Avocado:*

At the present time only one variety of grafted Avocado is available for sale. This is the well-known Simmonds, which has so far shown itself best for average local conditions. Grafted plants of the following varieties may be had on special order:

Lupfer  
Nimlich  
Pollock  
Trapp  
Haley  
Kanola  
Lamat

Ungrafted trees of selected West Indian Avocados may be had at \$.30 Each, \$2.50 per Dozen, or \$22.50 Per Hundred.

### PRICE : (Unless otherwise indicated)

\$.70 Each  
\$.65 Each, in lots of 10 or more  
\$.60 Each, in lots of 100 or more.

### *Garcinia mangostana - Mangosteen:*

Since Mangosteens require very particular soil conditions to insure their success, it is suggested that the customer consult with the gardens, either by correspondence, or in person. Nursery-grown specimen plants can be supplied at \$1.00 Each.

### *Carica papaya - Papaya:*

Plants of the Solo Papaya, and selected strains of the larger fruited varieties can be supplied at \$.05 Each.

COMMERCIAL FRUIT TREES (Continued)

(~~Litchi~~) Nephelium litchi - Litchi or Litchee:

A limited quantity of young trees is available for purchase. The Litchi tree does not flower or fruit locally, but grows prolifically. Propagation is obtained by "air-layering".

P R I C E :      \$.50 Each  
                        \$.45 Each, in lots of 10 or more  
                        \$.40 Each, in lots of 100 or more

## COMMERCIAL CROP PLANTS

The following is a list of commercial planting material available for sale:

### Coffea - Coffee:

Coffea arabica  
Coffea excelsa  
Coffea liberica  
Coffea pandang  
Coffea robusta

Seeds of the above listed varieties can be supplied in reasonable quantities at \$.25 per pound.

### Cola acuminata - Kola-Nut:

A limited number of Kola-Nut plants can be supplied at \$.30 each, and \$.25 each, in lots of 10 or more.

### Elaeis guineensis - African Oil Palm:

PRICE :      \$.40 Each                                 )  
                        \$.35 Each, in lots of 10 or more) Class A

                        \$.80 Each                                 )  
                        \$.70 Each, in lots of 10 or more) Class B

### Aleurites sp. - Candlenut Tree:

Aleurites montana  
Aleurites moluccana

PRICE :      \$.30 Each                                 ) Plants  
                        \$.25 Each, in lots of 10 or more)       
  
                        \$2.00 Per Hundred - Seeds.

COMMERCIAL CROP PLANTS (Continued)

*Cymbopogon citratus* - Lemon Grass:

Plant divisions for sale at \$.05 each

*Hevea brasiliensis* - Brazilian Rubber

*Manihot glaziovii* - Ceara Rubber

Seed only, available at \$2.00 Per Thousand

*Achras sapota* - Chicle:

PRICE :      \$.30 Each                                         )  
                  \$.25 Each, in lots of 10 or more ) Plants  
  
                  \$1.00 Per Hundred - Seeds

*Cinnamomum zeylanicum* - Cinnamon:

PRICE :      \$.30 Each                                         )  
                  \$.25 Each, in lots of 10 or more ) Plants

*Ceiba pentandra* - Kapok

PRICE :      \$.30 Each                                         )  
                  \$.25 Each, in lots of 10 or more ) Plants  
  
                  \$.25 Per Pound - Seeds

COMMERCIAL CROP PLANTS (Continued)

Musa textillis - Manilla Hemp, or Abaca Fiber:

PRICE :      \$.15 Each  
                  \$.12 Each, in lots of 10 or more  
                  \$.10 Each, in lots of 100 or more

SHRUBS AND HERBACEOUS PLANTS

<u>SCIENTIFIC NAME</u>	<u>COMMON NAME</u>

\$1.50 Each, in lots of 100 or more

Prices quoted upon request for large specimen palms.

## SUGAR CANE

It has been found that the older cane varieties previously offered for sale, are in many cases, not ideally suited to local conditions. It is hoped that within the current year a completely revised list of cane varieties, both for commercial sugar production, and for back-yard gardens, will be available.

## BANANAS

### Musa sapientum varieties:

Brazilian  
Cuban Red  
Eleele  
Gros Michael  
Hamakua  
Maoli  
Manaiula

### Wilt-resisting varieties:

Cavendish  
Bungulan

### Musa paradisi / plantain

PRICES : \$.25 Each  
                  \$.20 Each, in lots of 10 or more  
                  \$.15 Each, in lots of 100 or more

## PINEAPPLES

### Ananas sativus:

Comte de Paris  
Monte Lirio  
Queen  
Smooth Cayenne  
Taboga  
Wild Brazil

PRICES : \$.10 Each, in lots of 10 or more  
                  \$.09 Each, in lots of 100 or more  
                  (Suckers, slips, or crowns, in sacks)

## G R A S S E S
